---

RETROSLAVE' is the most badass statement in recent Modern Rock and Rooftop Sailors' second full-length studio album. A palette of songs reaching from hip-shaker to heart-breaker, head-bopper to show-stopper – 'RETROSLAVE' elevates their hard-hitting yet refined attitude to fresh and intoxicating new heights. The record deals with getting lost in the lows and highs of life, dancing or sobbing to whatever the human condition throws at you. (RETROSLAVE - A kick in the teeth and a kiss on the cheek)
